

FIFG World Tour 2020/2021

The World Tour has been modified from its original version due to the pandemic situation suffered all over the world.

This tour has been designed for FIFG Member Countries, affiliated players and sanctioned golf courses who want to be a part of the competition. If you want to register or if you have questions about the tour, please contact your national organisation. Players cannot register under a second organisation or other FIFG Member Country. All interested players from countries where the FIFG has no official representation, are also welcome to register and compete as Guest Players.

GENERAL GUIDELINES - TOURNAMENT RULES

The FIFG FootGolf World Tour will be played entirely under the rules of the Federation for International FootGolf. Each tournament will follow the official rules of the sport, although local rules may apply. All local rules must be available for players before the initiation of the tournament.

Important change: In every tournament point category → maximum kicks / hole → PAR + 10 kicks.

The World Tour is based on an aspirational concept in which every player would be able to play and compete according to his or her possibilities, on a global (World Ranking), regional (Regional Rankings) and national scale (National Ranking). This model introduces the Regional Tours and Rankings, giving the chance to all countries to organize international tournaments.

REGIONS

1) North & Central America (Region 1)

2) South America (Region 2)

3) Europe (Region 3)

4) Asia & Oceania (Region 4)

TOURNAMENTS

5 FIG Majors 1000

- 1 in Region 1

- 1 in Region 2

- 2 in Region 3

- 1 in Region 4 (**)

() If, within a region, not all the countries are hosting the FIG 50, FIG 100 and FIG 250 tournament, those tournaments can be relocated without exceeding total count of tournaments assigned to the Region. For example, Region 4 cannot host more than six FIG 250 tournaments.*

*(**) Region 4 may consider the 2021 World Cup as the Major for that Region. In case they do, the World Tour will finish with the World Cup. In case they do not, the World Tour will finish August 31st, 2021.*

Each region should be responsible for the distribution of FIG 500 and FIG 1000 tournaments. If there is a need to host any conversation to distribute tournament, the responsibility will fall under the FIG Board members as follows:

- Laura Balestrini: Region 1
- Javier de Ancizar: Region 2
- Gabor Gelencser: Region 3
- Leonardo Fernandez: Region 4

REGIONAL RANKING (*)

Each Regional Ranking will have a maximum of 3.450 points distributed as follows (Regional ranking will only consider points for tournaments within its region):

- The BEST FIG 1000
- The BEST FIG 500
- The BEST 3 FIG 250
- The BEST 8 FIG 100
- The BEST 8 FIG 50

(*) Each Region will determine its Regional Ranking based on the adjustments suffered as a consequence of the pandemic situation.

WORLD TOUR RANKING

The World Ranking will have a maximum of 7.000 points distributed as follows:

- The BEST 4 FIG 250 (Max 1.000 points)
- The BEST 4 FIG 500 (Max 2.000 points)
- The BEST 4 FIG Majors 1000 (Max 4.000 points)

CATEGORIES

- **MEN:** Men must be 18 years old by 31st December 2020 and older, including Seniors.
- **SENIOR*:** Born in 1974 and older.
- **WOMEN:** Women who are 18 years old by 31st of December 2020 and older.
- **JUNIORS:** Players under 18 by 31st of December 2020 who have received an FIGG and the World Tour Committee exception to play. Juniors (male or female) will be able to play tournaments if the country association authorizes it.
- **COUNTRIES (Guideline for tournaments):** A maximum of 4 results (4 best players/country in any category) are counted to make the team ranking. Each country organization must present at least 3 players to be able to compete in the Country category.
 - The WT points determine the ranking.
 - The Country tournament is not mandatory in any WT tournament.

***SENIOR** players MUST decide at the beginning of the season if they want to compete under the Men or Senior category. Senior players must communicate the decision to their country association before playing any FIGG tournament. If no communication is made, Senior players will automatically be included in the Senior Category.

PLAYERS ELIGIBILITY

In order to be part of the World Tour tournaments, players need to:

- **Become a member** of the FIGG World Tour under its [country organization](#).
- To play **FIFG 50/FIFG 100/FIFG 250/FIFG 500/FIFG MAJOR** World Tour competitions, **players must be affiliated to the FIGG Member in their Country** of birth or permanent residency and **hold a World Tour license: €20**.
 - Players from non-FIFG countries **must contact the FIGG directly** and register as a [Guest Player](#).
 - **World Tour License** is **required** for any tournament with FIGG Ranking points.
- Registration for the World Tour will be **open all year** round. A players ranking will be activated after they obtain World Tour license. Tournaments prior to activation will not count.
- If a player's situation is not completely clear in terms of registration, or any sort of penalty, he will be able to present a query to the FIGG committee in order to perform an analysis of the situation for proper arbitration.

POINTS AWARDED – 92% SCALE

ALL positions will be awarded 92% of the points received by the preceding position.

10th	24	47	118	236	472

Tournaments

ONLY first three places points are not shared. There should be a tie breaker to define the Top three in each tournament.

TIE BREAKER

In case of a tie, in addition to the first, second and third place, the cash and prize positions will tie break on the course. All players involved in a tie will be awarded the average number of points of the positions they would take in case of a playoff. (E.g. If three players tie in 10th position, these players would eventually be in positions 10, 11 and 12. The number of points for these three positions will be added and divided by 3 and this score will be awarded to the three players.)

For all FIFG tournaments (**MAJORS / FIFG 500 / FIFG 250 / FIFG 100 / FIFG 50**), the **playoff** will be played on a **minimum of one hole and a maximum of three holes for the title**. If the players are still tied after the playoff, there will be a **penalty shootout** (five putts/players from a minimum of 5 meters and a maximum of 11 meters) followed by a **sudden death penalty shootout** if necessary.

If for any reason (climate conditions, lack of sunlight, safety, etc.) **the playoff cannot**

take place, the organizer and marshal will proceed this way:

1. 1st, 2nd and 3rd positions will be decided by the **last 18 holes** (final day) for a 36- or 54 or more-holes tournament, or by the **back 9 for 18 holes** tournament.
2. If there is tie again, the **last 6 holes** will be taken into consideration
3. then the **last 3 holes**.
4. then the **last hole**.
5. If there is a tie after that, the organizer must split the money and a coin toss should determine the winner.

CASH PRIZES

The cash prize must be paid as soon as possible and PREFERABLY right after the event. A **maximum period of 30 days** is fixed to execute the payment. Furthermore, only effective **real money can be used to pay** the cash prize. The organizing country will receive a \$500 penalty if they do not comply with this rule. Players should receive the exact amount of the prize, commission should be absorbed by organizer. If an organizer knows that he won't be able to pay within 30 days he **MUST** communicate that before opening the registration so players are aware of that situation.

FLIGHTS

Organizers must make everything possible to set up flights of 4 players.

In **FIFG 250 / FIFG 500 / FIFG MAJOR** tournaments, the flights for the first round have to be **drawn on the day before the tournament at 10pm at the latest**. The draw must be made either live on internet either in front of World Tour officials or in front of a minimum of five players representing three different countries.

As much as possible, a maximum of three players from the same country should play in the same flight. From the second round, there is no limit for players from the same country. The organizers must publish the starting list on the official tournament website and/or send it by e-mail to all the players.

BAD WEATHER

If weather conditions force the organizer to suspend the tournament, full points will still be allocated and the result based on the number of completed rounds if the total number of holes played is at least 50% of the total number of holes.

Before the game, if for any reason (flooding, animal damages, etc.) a hole is declared unplayable, it has to be replaced by another similar hole (same par, similar distance) or cancelled. If more than three holes are declared unplayable, then the entire course could be considered as unplayable and therefore the round may be cancelled.

If this happens during the game (flooding, animal damages, etc.), the tournament director has the authority to make the decision to cancel the hole and give all the player the score of the par. If more than three holes are declared unplayable during the game, the entire course could be considered as unplayable and the general rules of bad weather applies.

COURSE

The **PAR** must be fixed somewhere between **66 and 74**, it should be set in a way to be a real and coherent reference for the players.

The designer must take natural weather conditions (strong wind or heavy rain) in consideration when he designs in order to prevent unplayable holes. He also has the responsibility to design a course that assure a decent pace of play for the players, especially when setting the pin position.

It is the responsibility of the designer and tournament director **to set DROP ZONES** and objects to reach ball easily, on the holes which can represent a danger for the pace of play (if there is a big water obstacle to cross for example).

RETROSPECTIVE PENALTY

If any player is penalized, the leaderboard will be updated and **any prize money or award must be returned to the organizer** to be re-allocated to the corresponding players after the tournament is over. The time limit for any penalization is set on 1 month after the tournament has finalized.

TOURNAMENT REGISTRATION

Players should **clearly understand the terms and conditions** of each competition before they register for the event.

BLUEGOLF

In 2020, BlueGolf will be the new console used by the FIG for the Regional and World

Tour rankings. Furthermore, BlueGolf scoring system needs to be used in order to update the respective rankings. It can also be used for live scoring and player statistics. **Every Country is responsible for updating their tournament calendar, location and FIG points in the system, so players have the necessary information to register. Wednesday of every week the FIG will award the points to the rankings of the previous weekend. Countries must have the tournament completed in BlueGolf by Tuesday.**

FOR MAJOR

- Maximum number of the players on the tournament:
 - 220 if there is only one course
 - 350 if there is more than one course
- Organizers save **165 spots** to the following players:

 - **15** spots in WOMEN category for the TOP 15 players on the previous year WT ranking

Those spots are saved for those players **10 days** after the registration process begins.

If the national ranked players are also ranked in the TOP 60 players of the WT 2019, the spots available go to the following player in the WT 2019 ranking (61st, then 62nd,...)

BUDGET & FUNDING STRUCTURE

FIG has eliminated the mandatory cash prizes for 250 and 500 tournaments, as this regulation prevented some countries to host these important tournaments mainly due to budget concerns. This new requirement does not impede those countries that want to offer cash prizes in its tournaments anyway. In other words, the prize money for these and any other tournaments does not disappear, but it is no longer mandatory.

Moreover, each country should pay for the right to host any World Tournament:

- \$500 for 250s
- \$1.000 for 500s
- \$1.500 for Majors + a mandatory cash purse of \$5.000

This money (an estimated of \$35.000) will be assigned to the Masters and the Top

players of the World Tour as cash prizes and also to cover part of the extra costs that the hosting country may have. This budget not only allows FIGF to reward its best players from each different region, but also represents a substantial reduction compared to the mandatory cash purse for 250 and 500 tournaments model.

Prizes, venue, organization: 13,000

(*) Masters organization and format will be defined by the national organization hosting

the Major. FIG estimates that two additional competition days will be added to the Major schedule. Important note: The Major and the Masters will be two separate events.

WORLD TOUR PRIZES PROCEDURE

The player has to send an e-mail to info@fig.org informing in which tournament wants to use his or her credit. The e-mail confirms the player's participation in the tournament, regardless he or she finally plays in the tournament or not. In other words, by sending the e-mail, the player already uses his or her credit.

FIG WORLD CUP 2021 QUALIFIERS

The following positions in the final ranking will receive a direct entry and consequently open new spots for their FIG Member Country.

World Tour Ranking:

- Men Category: Top 10
- Senior Category: Top 5
- Women Category: Top 3

Regional Ranking:

- Men Category: Top 3 per region
- Senior Category: Top 1 per region
- Women Category: Top 1 per region

Important Note: Rankings cut for the world cup qualification is August 31st, 2021. This means that the world cup qualification spots will be assigned based on the positions due to the mentioned date.

If a player that has already qualified to the World Cup earns a spot on the current year rankings, that spot will be relocated to the next player in the list within the same ranking.

TOURNAMENT RATING AND EVALUATION

During the four upcoming years, every main tournament will be rated and evaluated both by players and FIGF officials to have a clear view of the quality of each tournament. The target is to have a tournament organization “ranking” after that period.

- **By the players.** After every high tournament category (FIGF 250 / FIGF 500 / FIGF MAJOR), the **players will receive a form** to fill out in order **to evaluate the tournament** they have just played. They will have two weeks to complete it and if a player fails to complete the evaluation form three times during the year, he or she will be penalized by 50 points in the WT ranking at the end of the season.
- **By the Officials.** Any **World Tour official** can **rate a tournament** he or she attended. Furthermore, players will be named as representatives of the field. These players are also considered as WT officials and will take part in the discussion with the WT committee in order to rate and discuss a tournament.

THE MASTERS

The Masters is a tournament that will be played every year with the best National, Regional and World Tour players of the previous season. The first Masters will take place in 2022 considering the results of the 2020/21 season.

For the Men Category, the Top players from each Region (10 Region 1 + 10 Region 2 + 20 Region 3 + 10 Region 4) + the Top 30 players from the World Ranking.

For the Senior Category, the Top players from each Region (3 Region 1 + 3 Region 2 + 5 Region 3 + 3 Region 4) + the Top 10 players from the World Ranking.

For the Women Category, the Top players from each Region (3 Region 1 + 3 Region 2 + 5 Region 3 + 3 Region 4) + the Top 10 players from the World Ranking.

On top of these players, each member country can send 1 player (National Champion or Representative) from any category.

This tournament will take place in parallel with one of the Major tournaments of the following year (rotating every year among the 4 Regions) in order to take advantage of the organizing structure, logistics, etc. The first MASTERS will be in 2022.

A 36 holes competition + playoffs is suggested as competition model, but the Country organizer will work the details and get approval from the FIGF Board.

PLAYER CONDUCT

Players are expected to play in the spirit of the game by acting with integrity, showing consideration to others, and taking good care of the course. **The organizers and head marshal have authority to disqualify a player for any serious misconduct** that is contrary to the spirit of the game and in accordance with FIG or local tournament rules.

IMPORTANT WARNING

The use of alcohol, illegal drugs and smoking are STRICTLY PROHIBITED at FIG official competitions. Players must be respectful, and organizers reserve the right to remove a player from the competition at any time for any reason.

ORGANISER CONDUCT

Organizers must report the name of the Tournament Director and the name of the Head Marshals before the beginning of the competition. Each organizer has the authority to adopt their own Code of Conduct for their tournaments if it still respects the FIG rulebook guidelines about etiquette and behavior.

FIFG WORLD TOUR LOGO USAGE

Players must request the FIG World Tour logo for their FIG Member Country.

The FIG World Tour logo must be used in conjunction with the logo of the national organization (FIG Member Country).

If authorization is not given, players are not allowed to use the national organization logo on their uniform. Uniforms with FIG Member/World Tour Logos combination can be used to compete in FIG World Tour/FIG Member Countries events only. Reported players will lose their points on that specific tournament. Each FIG Member Country is responsible for providing authorization and the correct file to players.

FOOTGOLF LOGOS NOT ASSOCIATED TO THE FIG ARE PROHIBITED.

SANCTION COULD POTENTIALLY REACH PLAYER DISQUALIFICATION.

FIFG WORLD TOUR CONTACT

All players and organizers must contact the FIFG World Tour committee by email. This is the only official way to submit a topic to the board.

Official email address: info@fifg.org
